

2026 ✦ 2036

Robin Hood *Santa*

THE CHRISTMAS VILLAGE & $RHS

A little kindness. A lot of magic.

Community • Storytelling • Collectibles • A Solana meme token

UPDATED v2.1 — 14 NOVEMBER 2026

RHS token created on Solana via Raydium LaunchLab. 100 NFT concepts remain unminted prototypes.

01 / THE VISION

A Christmas story for *everyone.*

Robin Hood Santa (RHS) is a festive creative-community project built around a simple idea: Christmas magic grows when people share it.

At its heart is the Christmas Village: snowy streets, a busy workshop, glowing lanterns, green-feathered elves, reindeer and a generous Santa inspired by the spirit of Robin Hood. The project brings that world to life through storytelling, seasonal video and artwork, online community events and proposed collectible digital artwork.

> *“A little kindness. A lot of magic.”*

What exists today

- A Christmas Village website with original project visuals and a festive trailer.
- RHS token created on Solana through Raydium LaunchLab on 14 November 2026; mint: `FxWayWU9yvzZveqhXrVzEqfBYmVZgD5tP9PZmepwXray`.
- Community profiles on Telegram, X and TikTok.
- 100 illustrated NFT prototype previews, with individual stories and a proposed ten-year 2027–2036 release plan.
- A separate experimental ERC-20 contract tested in a local Remix environment. That test contract is **not** the proposed Solana coin.

Current status and future plans

RHS was created on Solana via Raydium LaunchLab on 14 November 2026. Initial bonding-curve trading can occur before any migration to a normal liquidity pool; graduation remains a separate, unconfirmed milestone. The Christmas Village creative programme is planned through 2036 and the NFTs have not been minted. UK regulatory obligations may apply to public promotions of cryptoassets.

OFFICIAL SOLANA RHS MINT: `FxWayWU9yvzZveqhXrVzEqfBYmVZgD5tP9PZmepwXray`
Confirm the address on Solscan. Beware of similarly named tokens and unofficial purchase links.

02 / THE WORLD

Inside the *Christmas Village*

Story and seasonal experiences

Short story chapters, new Christmas artwork and video features introduce Robin Hood Santa and his helpers. The intended experience is welcoming, accessible on phones and free to explore.

The community

Telegram, X, Instagram, TikTok, Discord and Facebook provide places to follow the creative project. Participation does not require buying cryptocurrency.

Our creative principles

Kindness: celebrate generous actions without making unverifiable charity claims. **Transparency:** describe what is already working and what remains only a proposal. **Safety:** no guaranteed gains, no wallet recovery phrase requests, and no claim that a collectible will appreciate.

03 / LAUNCHED $RHS TOKEN

Token details, *without the hype.*

Robin Hood Santa (RHS) is a Solana community meme token created through Raydium LaunchLab on 14 November 2026. The launch does not guarantee liquidity, future demand, or successful graduation.

Project name	Robin Hood Santa
Ticker	RHS
Network	Solana — separate from the Base test contract
Recorded supply	1,000,000,000 RHS; 6 decimals
Mint address	`FxWayWU9yvzZveqhXrVzEqfBYmVZgD5tP9PZmepwXray`
Token sale / presale	None active
Guaranteed income	None

Launch and liquidity

RHS launched through Raydium LaunchLab with a bonding-curve graduation target of 85 SOL and a recorded distribution of 80% bonding curve, 15% pool migration and 5% vesting. These are initial parameters, not guaranteed outcomes. Bonding-curve trading can occur before pool migration. A token can drop sharply in price, and liquidity can disappear.

About the three-phase presale idea

The community has explored a **provisional** three-phase allocation of 1% of a billion-token supply (10 million RHS). That was a planning discussion, **not an approved allocation, public offer or active presale**. Such a scheme may not be compatible with a bonding-curve launch and would require separate technical and legal review. No contributions are being accepted.

IMPORTANT: Verify the official Solana mint address against the Solscan record. Do not send cryptocurrency in response to unsolicited messages or claims of early access. This document is not a recommendation to buy RHS.

04 / THE 100 CHRISTMAS KEEPSAKES

One village.
A hundred stories.

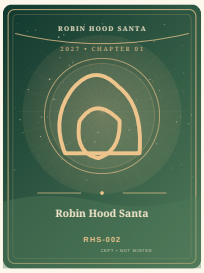

Ten planned annual NFT chapters, ten concepts per year, from 2027 to 2036.

RHS-001 through RHS-100 each have an individual prototype preview and a short story. The sequence begins when Robin Hood Santa opens the Village Gate, follows a decade of generous adventures and concludes with the Hundredth Star.

RHS-001 — The Village Gate

Prototype • 2027

RHS-002 — Robin Hood Santa

Prototype • 2027

RHS-003 — The First Gift

Prototype • 2027

FINAL ARTWORK KEPT SECRET: The graphics displayed here are prototypes only, not minted NFTs or the final artworks. The intention is to reveal each set of ten original NFT designs in its planned year, 2027–2036. No NFT sale, mint date, rights or prices have been confirmed.

In 2037, the project intends to celebrate the completed ten-year storyline rather than publish an eleventh annual set. All release and creative details remain subject to change.

Any eventual NFT mint would require published edition quantities, technical details, terms, intellectual-property permissions and an independent legal/compliance review. Ownership of a token would not automatically give any NFT rights or income.

2027 / CHAPTER 01 / TEN PROTOTYPE STORIES

The First Christmas

The gates open and a promise is made

An unexpected snowfall brings Robin Hood Santa to a quiet village. Ten keepsakes tell how one gift begins a tradition of sharing.

RHS-001 — The Village Gate
At the first snowfall, the long-closed village gate swings open. A lantern hangs above it, welcoming anyone who needs a place to belong.

RHS-002 — Robin Hood Santa
Robin Hood Santa arrives in a green cloak with a satchel of gifts. He offers the villagers a new kind of treasure: time, care and the courage to share.

RHS-003 — The First Gift
A wrapped parcel appears on a lonely doorstep. By morning, its recipient has left a gift for someone else, beginning the village tradition.

RHS-004 — Snowfall Oath
Beneath the falling snow, the villagers make a simple oath: when winter feels darkest, they will look out for one another.

RHS-005 — Holly Crown
A crown of holly is woven for the first winter gathering. No one wears it alone; it passes from neighbour to neighbour as thanks.

RHS-006 — Evergreen Promise
An evergreen sapling is planted in the square. Its green branches promise the village that kindness can live through every season.

RHS-007 — Lantern of Kindness
A small golden lantern is lit for anyone travelling home. Its flame becomes the signal that a welcome is waiting.

RHS-008 — Keeper of the Bells
The old bell keeper rings the tower for the first time in years. Each chime calls another family to the village table.

RHS-009 — The Christmas Star
A brilliant star rises over the rooftops, reminding everyone that the smallest good deed can be seen from far away.

RHS-010 — Dawn of the Village
The first dawn paints the snow with gold. Robin Hood Santa looks upon the village and knows the story has only begun.

RHS-001 to RHS-010 are preliminary story concepts, not minted NFTs. The official 2027 artwork is intended to stay secret until the annual unveiling.

2028 / CHAPTER 02 / TEN PROTOTYPE STORIES

Forest of Giving

The woodland learns to share

The story moves beneath the pines, where a fox, a robin and an ancient oak teach the village to look after neighbours near and far.

RHS-011 — The Giving Tree
A tree at the forest's heart offers its fallen branches for winter fires. Robin Hood Santa teaches the villagers to take only what they need.

RHS-012 — Fox of Sherwood
A clever fox leads a lost child through snow-covered pines. The fox becomes the woodland's quiet guide and friend.

RHS-013 — The Winter Robin
A bright robin taps at a frosted window, delivering a tiny ribbon. It is a reminder that even small messengers can bring joy.

RHS-014 — Emerald Sleigh
The emerald sleigh glides beneath the old trees, carrying blankets and parcels to families beyond the village paths.

RHS-015 — Oakheart Guardian
An ancient oak stands watch over the woodland. Its shelter becomes a safe meeting place for travellers and animals alike.

RHS-016 — Pinecone Wish
A pinecone found beside the path holds a wish for spring. The villagers plant its seeds for the winters yet to come.

RHS-017 — Whispering Holly
Leaves of holly rustle like a secret conversation. Robin Hood Santa hears the forest asking for kindness in return.

RHS-018 — Moonlit Woodland
Under moonlight, an unfamiliar trail appears between the trees. The villagers follow it together rather than risk the journey alone.

RHS-019 — The Forest Feast
Woodland neighbours gather for a winter feast and each brings what they can. The table is full because nobody is left out.

RHS-020 — The Secret Path
The fox reveals a hidden path back to the village gate. From then on, the forest and the village share one promise of care.

RHS-011 to RHS-020 are preliminary story concepts, not minted NFTs. The official 2028 artwork is intended to stay secret until the annual unveiling.

2029 / CHAPTER 03 / TEN PROTOTYPE STORIES

Lanterns of Hope

Every light is meant for someone

When a winter storm darkens the streets, a procession of lanterns carries comfort from one doorstep to the next.

RHS-021 — The Lantern Bearer
One lantern bearer walks into the storm to guide a neighbour home. Soon more footsteps and more lights follow.

RHS-022 — The Golden Window
A golden window shines through the snow, showing travellers where warm soup and shelter are waiting.

RHS-023 — Midnight Carol
A midnight carol passes from doorstep to doorstep. The song joins voices that had nearly forgotten each other.

RHS-024 — Silver Snowfall
Silver snow settles over the village roads. Instead of closing their doors, the villagers clear paths for those still travelling.

RHS-025 — The North Star
The North Star appears between dark clouds and points the lantern bearers toward the last unlit house.

RHS-026 — Fireside Stories
At a crackling fireside, an elder tells stories of the first Christmas and the promise that began it all.

RHS-027 — Starlit Bridge
Across a frozen stream, a bridge gleams beneath the stars. Friends carry their lanterns over it one by one.

RHS-028 — The Glow of Giving
A child places a lantern in the square for a stranger. The glow of giving becomes the village's brightest decoration.

RHS-029 — Candle of Peace
A single candle is set in a window as a wish for peace. More candles appear until the storm feels smaller.

RHS-030 — Hope Never Fades
At dawn, a hundred windows shine across the village. The final lantern carries a message: hope never fades when it is shared.

RHS-021 to RHS-030 are preliminary story concepts, not minted NFTs. The official 2029 artwork is intended to stay secret until the annual unveiling.

2030 / CHAPTER 04 / TEN PROTOTYPE STORIES

Toymakers of Wonder

A workshop with room for everyone

The workshop opens to young and old; ten handmade wonders remind the village that care matters more than price.

RHS-031 — Clockwork Reindeer
A clockwork reindeer wakes inside the old toy workshop and follows the sound of laughter beyond the door.

RHS-032 — The Workshop Key
A tiny brass key is found in the snow. It opens a workshop where every bench has room for another pair of hands.

RHS-033 — Teddy’s Promise
A hand-stitched teddy is repaired for a child who thought it was lost. Its new patch becomes a badge of love.

RHS-034 — The Train of Joy
A red toy train winds through the workshop, collecting handwritten wishes and delivering them to the makers.

RHS-035 — Toymaker’s Compass
The toymaker’s compass points not north but toward someone who could use a little joy.

RHS-036 — Wooden Soldier
A wooden soldier is painted with a gentle smile. His new duty is guarding the workshop’s collection of stories.

RHS-037 — The Ribbon Maker
The ribbon maker turns leftover fabric into bright bows, proving that very little is wasted when creativity leads.

RHS-038 — Spinning Top
A spinning top dances across the workbench and reminds the toymakers to leave room for play.

RHS-039 — The Secret Workshop
Behind a secret door, young and old build gifts side by side. The workshop is magical because everyone belongs there.

RHS-040 — A Gift for Everyone
On Christmas morning, the shelves stand almost empty and the town square is full. Every gift has found a home.

RHS-031 to RHS-040 are preliminary story concepts, not minted NFTs. The official 2030 artwork is intended to stay secret until the annual unveiling.

2031 / CHAPTER 05 / TEN PROTOTYPE STORIES

The Reindeer Journey

The sleigh crosses the winter sky

A distant message sets the reindeer team on a night journey over snowfields, mountains and star-bright skies.

RHS-041 — Northern Runner
A northern reindeer answers the call to carry supplies beyond the hills, setting the longest winter journey in motion.

RHS-042 — Crimson Harness
A crimson harness is prepared by the villagers, stitched with a ribbon from the very first Christmas.

RHS-043 — Aurora Hooves
Beneath the aurora, the reindeer's hooves seem to scatter stars as the sleigh lifts into the frozen sky.

RHS-044 — The Blizzard Trail
A blizzard hides the mountain pass. Robin Hood Santa trusts the crew, and together they make a careful new trail.

RHS-045 — Skyward Leap
One brave leap carries the sleigh across an icy divide. It is not speed but teamwork that sees them through.

RHS-046 — The Ninth Bell
Far behind them, the ninth bell sounds through the wind, a reminder that the village is still waiting.

RHS-047 — Icebound Map
An icebound map begins to thaw beside a warm lantern, revealing a route to those who need the deliveries most.

RHS-048 — Mountain Crossing
Above the mountains, friends share the last of their food and discover that encouragement travels just as far as a sleigh.

RHS-049 — The Sleigh Guardian
The sleigh guardian holds a lantern high while the reindeer rest, keeping the team together through the final night.

RHS-050 — Home by Dawn
At first light, the sleigh returns home. The greatest gift is the knowledge that they made the journey together.

RHS-041 to RHS-050 are preliminary story concepts, not minted NFTs. The official 2031 artwork is intended to stay secret until the annual unveiling.

Northern Lights

The sky writes back

An aurora glows above the frozen north, guiding friends home and reflecting every generous act from winters past.

RHS-051 — Aurora Crown
An aurora settles like a crown above the village, honouring everyone who kept the first promise of kindness.

RHS-052 — Frostglass Lantern
A lantern made of frostglass carries a warm light that does not melt it. The villagers call it a miracle of shared hope.

RHS-053 — Winter Constellation
Ten winter stars form a new constellation over the forest, tracing the paths of travellers from earlier chapters.

RHS-054 — Polar Starfall
A gentle shower of polar stars turns the northern sky silver. Children gather to make wishes for others.

RHS-055 — Sapphire Night
A sapphire night reveals the village reflected in a frozen lake, with every window glowing like a jewel.

RHS-056 — Emerald Horizon
Green curtains of light sweep across the horizon and the forest seems to breathe in time with the sky.

RHS-057 — The Sky Painter
An unseen sky painter brushes the darkness with colour, leaving a message: goodness can be beautiful without being owned.

RHS-058 — Crystal Comet
A crystal comet sails overhead, carrying the village's winter wishes toward distant places.

RHS-059 — The Silent North
In the quiet north, the reindeer listen as the stars tell them how far small acts of care can travel.

RHS-060 — Light of Tomorrow
One brilliant ribbon of aurora lasts until dawn, pointing toward a tomorrow the villagers can help shape.

RHS-051 to RHS-060 are preliminary story concepts, not minted NFTs. The official 2032 artwork is intended to stay secret until the annual unveiling.

Ten Bells of Kindness

Ten bells, ten promises

The village casts a set of bells to honour compassion, friendship, bravery, joy and the values that keep its heart warm.

RHS-061 — Bell of Hope
The first new bell is dedicated to hope. It rings whenever the village welcomes someone facing a difficult winter.

RHS-062 — Bell of Courage
The second bell honours courage: the choice to ask for help and the strength to offer it.

RHS-063 — Bell of Friendship
The third bell celebrates friendship, carrying its warm chime through every street and woodland path.

RHS-064 — Bell of Generosity
The fourth bell is cast for generosity. Robin Hood Santa reminds the village that giving begins with noticing a need.

RHS-065 — Bell of Joy
The fifth bell rings for joy, especially the small moments that brighten a long winter evening.

RHS-066 — Bell of Peace
The sixth bell holds a wish for peace. Its sound invites neighbours to listen carefully to one another.

RHS-067 — Bell of Gratitude
The seventh bell celebrates gratitude, a quiet thank-you for those who keep the village glowing.

RHS-068 — Bell of Wonder
The eighth bell stands for wonder, asking every new generation to stay curious and kind.

RHS-069 — Bell of Togetherness
The ninth bell honours togetherness. Its chime calls every household to gather beneath the snow.

RHS-070 — Bell of Christmas
The final bell welcomes Christmas itself. All ten ring as one, telling the village that its promises belong in everyday life.

RHS-061 to RHS-070 are preliminary story concepts, not minted NFTs. The official 2033 artwork is intended to stay secret until the annual unveiling.

2034 / CHAPTER 08 / TEN PROTOTYPE STORIES

Wishes Across the World

Christmas travels beyond the village

Songs, postcards and small gifts cross faraway borders as the village discovers how hope can travel.

RHS-071 — Harbour of Hope
A lantern leaves the snowy harbour aboard a small ship, carrying a village wish across the sea.

RHS-072 — The City Lights
Beneath the lights of a great city, a postcard from the Christmas Village finds someone far from home.

RHS-073 — Desert Star
One bright star shines above a desert crossing, reminding travellers that generosity needs no particular weather.

RHS-074 — Mountain Greeting
A mountain village answers a Christmas greeting with a song of its own, beginning a new friendship.

RHS-075 — Island Carol
On a warm island evening, neighbours sing a carol sent from the snowy north and add a verse of their own.

RHS-076 — Lanterns Abroad
Lanterns pass from one celebration to another, collecting stories as they cross borders.

RHS-077 — Midnight Postcard
A midnight postcard arrives at the village gate, covered in drawings and messages from friends around the world.

RHS-078 — The Global Gift
A single parcel carries handmade keepsakes from many places, each one given freely and with care.

RHS-079 — One Winter Sky
Under one winter sky, distant families look at the same stars and send kind wishes to people they may never meet.

RHS-080 — World of Wonder
The villagers unfold a map bright with messages. Their world of wonder is larger because they have learned to share it.

RHS-071 to RHS-080 are preliminary story concepts, not minted NFTs. The official 2034 artwork is intended to stay secret until the annual unveiling.

2035 / CHAPTER 09 / TEN PROTOTYPE STORIES

Guardians of Christmas

Protecting the warmth we share

When a hard winter tests the village, unlikely guardians defend its most precious treasure: welcome for all.

RHS-081 — The Snow Sentinel
A snow sentinel keeps watch as the first storm of the season reaches the rooftops.

RHS-082 — Keeper of Hearths
The keeper of hearths makes sure no neighbour faces a cold night without somewhere warm to rest.

RHS-083 — Holly Knight
A holly knight stands at the village gate, welcoming strangers with patience rather than suspicion.

RHS-084 — Frost Fox Guardian
The forest fox returns as a guardian, guiding the lost toward the lanterns beside the road.

RHS-085 — North Wind Warden
The North Wind warden reads the clouds and helps families prepare before the weather turns.

RHS-086 — The Gift Protector
A gift protector watches over parcels meant for those who need them most, asking for nothing in return.

RHS-087 — Starwatcher
High in the bell tower, a starwatcher marks the safest routes through the snow.

RHS-088 — The Winter Shield
A winter shield is raised beside the oldest cottage. Its symbol means that neighbours will stand together.

RHS-089 — The Kindness Guard
The kindness guard walks the quiet streets and notices doors that have not opened for days.

RHS-090 — Midnight Guardian
At midnight, all the guardians gather beneath the Christmas star. They realise the village is safest when everyone cares.

RHS-081 to RHS-090 are preliminary story concepts, not minted NFTs. The official 2035 artwork is intended to stay secret until the annual unveiling.

2036 / CHAPTER 10 / TEN PROTOTYPE STORIES

Legacy of the Village

The hundredth star appears

The community returns for one final winter gathering, counting the gifts and friendships that built a ten-year legacy.

RHS-091 — A Decade of Giving
Ten winters after the gate first opened, the village hangs a ribbon for every kindness remembered.

RHS-092 — The Golden Sleigh
The golden sleigh returns through the moonlit sky, carrying friends and keepsakes from every chapter.

RHS-093 — Village Reunion
Old neighbours, woodland friends and faraway travellers arrive for a reunion around the first village tree.

RHS-094 — The Memory Lantern
The memory lantern shines with stories passed from one generation to the next, each flame a name and a kindness.

RHS-095 — The Eternal Tree
The evergreen tree planted in the first year now towers above the square, its branches full of handmade stars.

RHS-096 — Ten Winters Together
Ten winters together have left marks on every doorstep and warmth in every home.

RHS-097 — The Keeper’s Crown
The keeper’s crown is placed at the centre of the gathering. The villagers agree that no one person owns their story.

RHS-098 — Promise for Tomorrow
Robin Hood Santa writes a promise for tomorrow: let every new Christmas begin with an act of giving.

RHS-099 — Christmas Forever
As midnight approaches, the village sings of friendship and a Christmas spirit that can outlast the snow.

RHS-100 — The Hundredth Star
The hundredth star rises over the village gate. It closes the ten-year collection while leaving the next story open.

RHS-091 to RHS-100 are preliminary story concepts, not minted NFTs. The official 2036 artwork is intended to stay secret until the annual unveiling.

05 / PROPOSED ROADMAP PART ONE

Ten years of *Christmas chapters.*

These are proposed creative milestones, not guaranteed NFT or token release dates. Any future mint needs separate technical, rights and regulatory review.

2026

The Christmas Village opens

Share the original trailer, stories and community pages. The RHS Solana token was created on 14 November 2026; the NFTs remain only a proposed creative programme.

2027

The First Christmas

Planned creative chapter: The gates open and a promise is made. Ten concepts, RHS-001 through RHS-010. Final design and mint plans remain unconfirmed.

2028

Forest of Giving

Planned creative chapter: The woodland learns to share. Ten concepts, RHS-011 through RHS-020. Final design and mint plans remain unconfirmed.

2029

Lanterns of Hope

Planned creative chapter: Every light is meant for someone. Ten concepts, RHS-021 through RHS-030. Final design and mint plans remain unconfirmed.

2030

Toymakers of Wonder

Planned creative chapter: A workshop with room for everyone. Ten concepts, RHS-031 through RHS-040. Final design and mint plans remain unconfirmed.

2031

The Reindeer Journey

Planned creative chapter: The sleigh crosses the winter sky. Ten concepts, RHS-041 through RHS-050. Final design and mint plans remain unconfirmed.

The 2027–2031 years are planned narrative chapters. The 2037 anniversary is retrospective only. No NFT is for sale on this website.

05 / PROPOSED ROADMAP PART TWO

Towards the *hundredth star.*

These are proposed creative milestones, not guaranteed NFT or token release dates. Any future mint needs separate technical, rights and regulatory review.

2032

Northern Lights

Planned creative chapter: The sky writes back. Ten concepts, RHS-051 through RHS-060. Final design and mint plans remain unconfirmed.

2033

Ten Bells of Kindness

Planned creative chapter: Ten bells, ten promises. Ten concepts, RHS-061 through RHS-070. Final design and mint plans remain unconfirmed.

2034

Wishes Across the World

Planned creative chapter: Christmas travels beyond the village. Ten concepts, RHS-071 through RHS-080. Final design and mint plans remain unconfirmed.

2035

Guardians of Christmas

Planned creative chapter: Protecting the warmth we share. Ten concepts, RHS-081 through RHS-090. Final design and mint plans remain unconfirmed.

2036

Legacy of the Village

Planned creative chapter: The hundredth star appears. Ten concepts, RHS-091 through RHS-100. Final design and mint plans remain unconfirmed.

2037

The legacy celebration

An anniversary reflection on the completed ten chapters; no eleventh NFT release is currently planned.

The 2032–2036 years are planned narrative chapters. The 2037 anniversary is retrospective only. No NFT is for sale on this website.

06 / RISKS AND RESPONSIBILITIES

Magic is fun.
Clarity matters.

Financial and technical risks

- Meme coins can lose 100% of their value. Demand and volume may be highly seasonal.
- Liquidity may become thin or vanish, especially after Christmas. Selling may be difficult or costly.
- Bonding curves, DEXs and wallets involve network fees, transaction risks, scams and platform failures.
- Creator or liquidity-provider revenue is not automatic, predictable or guaranteed.
- Images do not create or establish an on-chain NFT, and digital collectibles need not have any resale market.

UK and other legal requirements

Because the project owner is in Northern Ireland, UK rules require particular care. The FCA's financial-promotion regime can apply to websites and social posts about qualifying cryptoassets. Any plan to market or sell a token, run a presale or use an NFT as a purchase incentive must be independently reviewed before proceeding. Access to a launchpad is not proof of eligibility. Platform restrictions must be respected.

Safety and public updates

No team member will ask for seed phrases, private keys or wallet recovery passwords. Official account links are listed on the next page. Any future live token mint address should be cross-checked against multiple official announcements before a visitor decides whether to interact.

This whitepaper contains factual Solana token launch details and proposed NFT plans. It is not a securities prospectus, recommendation to buy, promise of returns or commitment to an NFT sale. A disclaimer alone does not create compliance with UK rules. Financial-promotion obligations need appropriate professional assessment.

07 / COMMUNITY AND SOURCES

Find the *real village.*

For now, the best way to follow Robin Hood Santa is through its creative website and official community channels.

Version and changes

Update v2.1 | 14 November 2026. RHS Solana token created through Raydium LaunchLab; official mint: FxWayWU9yvzZveqhXrVzEqfBYmVZgD5tP9PZmepwXray. The 100 NFT prototypes and ten 2027–2036 chapters remain creative plans; final artwork is intended to stay secret until annual reveals. Plans can change.

A little kindness. A lot of magic.

Robin Hood Santa • Christmas Village • 2026–2036

Token access & vesting update

WHITEPAPER ADDENDUM / 14 NOVEMBER 2026

Confirmed RHS Solana token

Robin Hood Santa (RHS) was created on the Solana blockchain through Raydium LaunchLab on 14 November 2026. Solscan screenshots supplied by the creator show a total supply of **1,000,000,000 RHS** and **6 decimals**.

Official public mint address

`FxWayWU9yvzZveqhXrVzEqfBYmVZgD5tP9PZmepwXray`

Independent record: Solscan token information. Always check the complete address; other tokens can use similar names.

Phantom Wallet access

Phantom supports viewing tokens and in-app swaps for supported Solana assets. RHS may be available for swaps when an eligible route and sufficient liquidity exist. Availability, price impact, slippage, fees and regional restrictions can vary. The project website does not sell RHS or guarantee a trading route.

Official wallet information: Phantom Help — Swap tokens in Phantom.

Creator vesting allocation

The creator-provided Raydium vesting screen showed **User Vesting: 50,000,000 RHS** and **User Remaining: 50,000,000 RHS**. The schedule is a **six-month cliff** followed by **twelve months** of gradual release, starting only if bonding-curve fundraising completes. The claimable amount was zero at the time of the screenshot.

Risks and regulatory status

Meme coins can lose their entire value, and market liquidity can disappear. The UK financial-promotion regime may apply to project websites or communications encouraging cryptoasset purchases. This addendum documents project status; it is **not** an invitation or recommendation to buy. Independent legal review remains advisable.

The planned 100 NFT stories for 2027–2036 remain unminted creative prototypes. Their final artwork and release arrangements are separate from the RHS token.
